Red Cross Drive Gets Under Way in Village, Twp.

Call for Aid in Filling Emergency War Needs Sent out by Bartlett

Plans for Antioch's part in the special Red Cross drive to raise funds for increased war relief needs, particularly in Hawaii and the Philippines, were made at a meeting called by Village President George B. Bartlett, who is also acting as township Red Cross drive chairman, Friday evening in the Antioch village hall.

Bartlett announced committees for the drive in the village, including Cleus Vos and W. L. Scott for the business section; Elmer Rentner and Arthur Rosenfeldt for garages and services stations.

In the township, outside the corporate village limits, school district officers of the various districts will act as chairmen.

The following letter announcing plans for the drive was sent out early this week:

TO THE PRESIDENT and MEMBERS OF THE BOARD OF DIRECTORS OF THE ELEMENTARY SCHOOL DISTRICTS OF ANTIOCH TOWNSHIP:

The American Red Cross is faced with a gigantic task of serving the distressed civilian war victims as well as the soldiers, sailors, and marines of the U. S. A. who are defending our country with its priceless heritage of freedom under a democratic way of life. When the Japanese so treacherously attacked the Stars and Stripes and forced war upon us, it multiplied the needs of the Red Cross a thousand-fold.

This great and vital service must be made available at once to alleviate the sufferings already experienced by our citizens and kindred people in the Hawaiian and Philippine Islands. To expedite the raising of funds, the local Red Cross chapters in every community in the nation are asked to contribute every cent they can afford. In some places working men are giving an amount equivalent to one day's wages. Others are giving in proportion to their ability. No amount will be too small or too large to contribute to this cause. The Antioch News will report the progress of the drive and will print the names of all people who cooperate in putting this drive over.

It has been planned to make the units of collection in Antioch Township the school districts, because there we have an organization already set up, headed by people who have leadership and the confidence of their neighbors. In carrying out the drive in each school district, it has been suggested that the members of the American Legion and the Auxiliary could be called upon to render whatever service is required or whatever assistance is needed. The county organization has asked C. K. Anderson of the First National Bank and J. E. Brook of the State Bank to handle the money locally. George B. Bartlett has been appointed chairman for the township Red Cross drive. We ask your wholehearted co-operation in speedily raising our share or more of the nation's \$50,000,000 Red Cross war relief fund.

Respectfully yours,
George B. Bartlett, chairman
C. K. Anderson, co-treas.
J. E. Brook, co-treas.
W. C. Petty,

Co. Supt. of Schools
Ronan Vos, commander

Antioch Am. Legion Post.

Mrs. Anna Harden, president

Antioch Legion Auxiliary

Defense Plans Pending

Village defense plans are still pending, Bartlett states.

The village president will act as defense chairman for the area within the village corporation limits.

Township supervisor, B. F. Naber will be defense chairman for the Antioch township area outside the village limits.

Village Board Meets

A brief special meeting of the village board was called by Bartlett after Red Cross campaign organization meeting.

It was planned at this meeting to send Village Marshal William Thiemann to Springfield as delegate to a meeting of police officers this Tuesday.

Thiemann was, however, unable to attend the Springfield gathering, because of illness which confined him to his home this week.

Fred Petersen, street superintendent, has been taking over as many of the marshal's duties as possible during his illness.

Dr. and Mrs. D. N. Deering and sons, David and Billie, spent Christmas with relatives in Princeton, Ind.

Gay Entertainment to Feature Power Farming Exhibit

Sheahan Implement Co. to Sponsor Demonstration Here January 7

Cliff Gaynor, "the crazy musician," and Mary Connelly, hill-billy singer, will headline the entertainment features of the big power farming exhibit and demonstration sponsored by the Sheahan Implement company of Antioch to be held at the Antioch High school at 7:30 o'clock Wednesday evening, January 7.

Moving pictures will demonstrate the latest power farming equipment, and there will be a master of ceremonies to keep the show rolling along.

Sheahan brothers announce that they have arranged a program that will be of interest to all, and farmers and others interested are invited to bring the entire family. To top off the evening, refreshments are being made to serve members of the community.

Farming as related to national defense is of utmost importance at this time, and due to the unusual interest in agriculture, the sponsors are expecting a large crowd. There is no admission charge.

Red Cross Display in Village Park Attracts Admiring Comments

Attracting much attention these days is the beautiful illuminated "Red Cross" display that is a feature of the Christmas decorations in the Antioch village park, and many comments on it have been made by visitors.

Arranged by Village Marshal William Thiemann and Street Superintendent Fred Petersen, the display is built around a three-foot "Red Cross" containing 96 lights, and set against a green background.

It is flanked on either side by the American flag.

The display was arranged in connection with the Red Cross War relief drive now in progress in Antioch and the surrounding regions as a part of the national Red Cross emergency drive.

ANTIOCH CHRISTMAS PARTY HELD; 'TWAS A GR-R-AND AFFAIR

Santa Claus really came to town last Tuesday evening—with 400 or more sacks of candy, fruit and nuts for the youngsters who attended the annual Christmas party in the village park.

Santa himself, "in person," stood under the large community Christmas tree in the park and passed out the sacks to the children.

Christmas carols sung by the Antioch grade school pupils and musical selections by the Antioch High school band were enjoyed by the children and by the large gathering of older folks who came along to enjoy the fun.

The party, an annual affair, is sponsored by the village board with the co-operation of organizations and individuals in the village.

Three or four hundred boxes of candy were donated by the Antioch Lumber and Coal company. The balance needed to fill out the sacks for the children and the fruit and nuts were supplied by the village.

A committee of women spent almost an entire day filling the sacks and getting them ready for the party.

Members of the committee in charge of filling the bags included Mmes. Ed F. Vos, Paul Ferris, Ed Simonsen, Bessy Kaiser and Iza Henry.

Webster Demo of Salem Buried Here

Services were held Saturday in the Strang Funeral home for Webster Demo, 68, of Salem, who died Dec. 26 in St. Catherine's hospital, Kenosha. Burial was in Hillside cemetery.

The Rev. Atwood of Salem officiated.

Demo is survived by a sister, Mrs. Florence Cisna of Salem, and by another sister and a brother.

Wendell Nelson and Woodstock Girl Wed in Yuma, Arizona

The Rev. A. M. Kral, a former pastor of the Antioch Methodist church, read the service in the Methodist church at Yuma, Ariz., that united in marriage Miss Arlene Wrigley of Woodstock and Wendell Nelson, son of Mr. and Mrs. S. Boyer Nelson of Antioch, on Dec. 22.

The bride, who is the daughter of Mr. and Mrs. Roy Wrigley of Woodstock, wore a wine-colored suit, a matching flower hat with veil, and black costume accessories.

Mrs. Wrigley wore black crepe, with black accessories, and Mrs. Nelson wore royal blue.

Harold Nelson attended his brother. The bride was presented in marriage by Dr. A. P. Bratude of Antioch.

Mrs. Kral acted as organist for the service.

The church was beautifully decorated with huge baskets of Christmas holly and red tapers.

Mr. and Mrs. Nelson plan to make their home in Hollywood, Calif. Mr. Nelson has been employed since early this past fall in the personnel department of the Vegas Aircraft corporation.

Private Armand Dalgaard of Battery F, Coast Artillery, San Francisco, Calif., was elected president of the Antioch High School Alumni association at the annual banquet Saturday night at the high school. Armand was elevated to president from the office of vice president which he held last year. He has been apprised of his election by mail.

These officers succeed the 1941 officers: Bob Brogan, president; Don Minto, secretary-treasurer; Mildred Van Patten, corresponding secretary, and Bill Murphy, athletic director.

Hawkins, Toastmaster

With George Hawkins as toastmaster at the banquet served in the cafeteria, 80 were served by the women of the Guild, society of St. Ignatius' church. Besides Toastmaster Hawkins, Principal J. O. Austin and Miss Alice Smith, were heard in greeting messages to the former grads.

Music for the dance that followed was provided by the high school orchestra with several alumni pinch-hitting for the regulars at various times during the evening. There was more than the average attendance and the affair was acclaimed a success.

The annual Alumni-varsity basketball game will be played this Friday night. Many of the old stars are expected to appear in the alumni line-up.

FIRST AID COURSE FOR WOMEN WILL START JANUARY 8

Women of western Lake county who wish to receive instruction in Red Cross first aid work will now have an opportunity to qualify themselves and receive certificates in this work which may play an important part in local defense during the emergency, according to announcement just made by Herman Holbek, supervisor of Red Cross first aid instruction in all of Lake county area west of Route 45, who is also lay instructor for standard and advanced courses in first aid.

All women wishing to enter the first class ever instituted here for women are asked to come to the Antioch Village hall Thursday evening, Jan. 8 at 8:00 o'clock to register for the standard course. Competent instructors will be appointed to conduct the classes.

Advanced Class for Men

A course in advanced training for men will start January 8 at 8:00 o'clock p. m. with Harry Greenlee, lay instructor, of the Illinois Bell Telephone company and member of the local rescue squad, as instructor. Eligible for this advanced instruction are all men who have satisfactorily completed the standard Red Cross first aid course.

Advanced Class for Men

A course in advanced training for men will start January 8 at 8:00 o'clock p. m. with Harry Greenlee, lay instructor, of the Illinois Bell Telephone company and member of the local rescue squad, as instructor. Eligible for this advanced instruction are all men who have satisfactorily completed the standard Red Cross first aid course.

If any officials dared risk the chaos, it might be valuable for the defense program to learn how quickly Antioch streets could be cleared of parked cars.

Some people drive as if they were anxious to have their accident and get it over with.

If you go into any of the stores in town and find folks wandering around with a pad of paper in one hand and a pencil in the other, muttering to themselves, don't jump to conclusions and think they're cuckoo. It's inventory time.

Another month or so, and the birthdays of Lincoln and Washington will be observed.

It is hard to remember Lincoln's words, "with malice toward none, but with charity toward all," in view of some of the happenings in the world today.

Japan will pay, and pay dearly, for Pearl Harbor—but that will not bring back our boys.

Perhaps we can draw a better inspiration from his urging in the "Gettysburg Speech" to "resolve that these dead shall not have died in vain . . . that the government of the people, by the people and for the people shall not perish from the earth." And, returning to his "Second Inaugural" Address, ". . . do all which may achieve and cherish a just and lasting peace among ourselves and with all nations."

The words, written in others of our nation's "dark hours," do have a noble ring to them, even today, don't they? Maybe they help explain something. These United States haven't existed so long, or attained their leadership merely because they were rich or powerful . . . but because, with all their faults, they have tried to promote truth and justice for all.

No, we of this country are not exactly foolish, nor have we "gone soft." There is a saying, "beware of the danger of a patient man," that may have some application here.

It would be interesting to see what a lie detector revealed when tried on a politician who promised economy.

The Gibbs decoration, of a religious nature, was pronounced "outstanding." It featured a Madonna in an alcove, with a sky-blue background.

Because of the closeness in order of merit of the next three, the second and third prizes of \$10 and \$5, respectively, were pooled and checks of \$5 each went to C. E. "Bud" Hennings, Robert Wilson and John Horan.

Stearns Gives Lifting Jack to Rescue Squad

A lifting jack of 35 tons capacity has been donated to the Antioch Rescue squad by Deputy State Fire Marshal James Stearns. Need for this piece of equipment has been experienced several times by rescue workers, and recently at the scene of a truck-tractor crash at Volo, when a heavy lifting jack was needed to lift a part of the truck.

Members of the Antioch rescue squad were able to enjoy their Christmas dinners undisturbed. There were no first aid calls during the Christmas week.

Do Your Part

There are many kinds of patriotism, many ways of showing your love for America. The battlefronts are far away across the oceans, yet right here at home all of us can be soldiers and can behave like soldiers, with courage and discipline. In the present crisis that's the least we can do.

Here in America we've got the best system of mass production in the world. We've also got the best system of distribution. That's why in normal times more people can buy more things more easily here than anywhere else. Now that some products are apt to become scarce, we've got to take extra care that we don't disturb that system of distribution more than we must. We've got to take extra care that we don't put impossible demands on it—that we don't disrupt it by hoarding.

Here in America there's no excuse for hoarding. We have plenty of food. There will be shortages of some manufactured goods, but we'll have enough basic necessities.

Our system of distribution is geared to supply our normal wants. If suddenly we increase our wants to abnormal proportions by panicky buying, we'll throw it out of gear. We'll create shortages that otherwise would not exist, drive prices up to extreme highs. You can help to prevent that by refusing to become frightened by false rumors of severe scarcities, by buying no more than you usually do, by trusting in America and America's ability to keep you supplied with all the things you really need.

Program for Victory

Fair play "is the only way to national unity; it's the only way to bring employer and employee into more wholesome understanding; it's the only way to clear the debris of misunderstanding and class cleavage."

Such is the opinion of William P. Witherow, newly elected president of the National Association of Manufacturers, as expressed in a recent speech pledging the efforts of industry to "approach all relationships and problems in a real spirit of fair play.

"If we can get off the basis of hate, suspicion and distrust and get back to the basis of fair play in this land, we'll get somewhere. With fair play between employer and employee, between government and industry, between farm and city, between all the elements of society, we will come nearer to uniting the people in progress than all the fine spun economic theory, or high-browed solutions, or elaborate socialization plans the smart boys can think up."

Many from Millburn attended the funeral services of Miss Berta Crawford held at her late home Saturday afternoon. Burial was in Millburn cemetery.

Mr. and Mrs. John Edwards of Waukegan, Kenneth Crowley of Antioch,

It's a simple formula that the NAM president offers, but it's also an effective one. Once again it demonstrates industry's desire to cement national unity and subordinate differences of opinion to the main job of uninterrupted armament production.

The Little Guy

What distinguishes this country from the other great nations of the world? There are many possible answers to that question. And here's one of the best: "The United States is the country where the little guy is boss—where the little guy can go as far as his energies and abilities allow—where the little guy doesn't have to bow and scrape to anyone."

Little guys made this country. They came here from everywhere to establish freedom and escape tyranny. They landed in wilderness. They were often cold and hungry. They seldom became rich. But they kept the faith. They built the homes and cleared the land and raised the children. They fought the wars of the past, just as they are fighting this war. The little guys were proud and strong and confident of the future, and the great land in which we live is their gift to us, the little guys of the present.

Little guys built the industries of this country. They saved a few dollars and put them into a store or a bank or a factory of some kind. They took chances. Much of the time they lost, but that didn't dismay them. They saved a few more dollars and took new chances. They didn't laugh when some visionary came along with an idea the wiseacres said was obviously insane—the telephone, for instance, or the automobile, or a plan for lighting homes with electricity. There might be something in it, they thought, and they played the long shot. For the visionaries, with the ideas were the same kind of people—little guys trying to get ahead, little guys trying to build and create. And some of them went from shacks to mansions in a year or two, and a year or two later were back in the shacks starting again. They always started again. It was in their blood, their bone, their character. The little guys didn't give up.

All of this country is a monument to the little guy. All of our industries, our farms, our homes, our resources—the little guys did the work. They went into the oil fields and brought out the black gold. They dug in the earth and gave us our coal and metals. A few became famous, but the millions remained unknown. They worked and died in obscurity, but this country is an everlasting monument to their deathless spirit which lives on.

That is the ideal we Americans must always keep in mind—America must be a place where the little guy is king. Free enterprise is the little guy's kind of enterprise—he can go into any business he wants, invest his savings in whatever he wants, and lick the competitors to a frazzle if he is able to. The government belongs to him—he doesn't belong to the government. The little guy made America, and today he is perpetuating America. And tomorrow he must be the symbol of America, too.

**THE SYNOPTIC GOSPELS:
MATTHEW, MARK, LUKE**

LESSON TEXT—Matthew 1:1, 17; Mark 1:1, 14, 15; Luke 1:14; Acts 1:1-3.
GOLDEN TEXT—Christ Jesus came into the world to save sinners—I Timothy 1:15.

A new year of God-given opportunity with the assurance of His grace and strength for our daily need. Such is the precious gift we hold in our hands as we enter on A. D. 1942.

With the new year, we enter upon a new course of study—carefully planned ahead through 1947, if the Lord tarries. We begin very appropriately with a study of the life of Christ as presented in the first three Gospels, known as the *Synoptic Gospels*.

"Synoptic" is a combination of two words, meaning "a view together," and refers to the fact that Matthew, Mark, and Luke give us the same general view of Christ, although differing somewhat in their emphasis.

Matthew, writing his Gospel especially to the Jews, presents Christ as King. Mark, for the Romans, presents the Servant. Luke presents to the Greeks the Son of Man—the perfect Man, and John, for the Christian church, reveals the Son of God. But note that all the Gospels are for us, and in them we find the fourfold picture which presents the many-sided glory and beauty of our Lord. Turning to our scriptures we see—

I. The King (Matt. 1:1, 17).

These verses come at the beginning and end of the kingly genealogy of Jesus. It is important that the descent of a king be carefully recorded and studied, for it alone can prove his right to the throne. We know that Israel rejected Jesus as King, but we also know what prophecy reveals that He will one day take the throne of David and reign. Does He have that right?

In Matthew 1:1-17, we have His national and royal descent. Being son of both David and Abraham, He is heir to both the promise and the throne. As King of Israel, there was no need to trace His lineage back further than Abraham through David, but we find that in Luke (2: 23-28) the Son of Man is traced back to Adam. Mark has no genealogy for reasons noted below, and John also has none, for the Son of God is eternal, infinite, without need of genealogy.

Turning now to Mark, we find Him presented as

II. The Servant (Mark 1:14, 15).

A servant needs no genealogy, he needs only to be able and ready to work, and that is just what we find in Mark. The account plunges at once into the story of "the gospel of Jesus Christ, the Son of God," who is ready to serve—by life or by death—yes, even by the death of the cross.

The forerunner, John the Baptist, bears his witness. Jesus is baptized. John is imprisoned, and immediately Jesus begins to preach, "Repent ye, and believe the gospel." The key verse of Mark is 10:45: "For even the Son of man came not to be ministered unto, but to minister." The characteristic words are "straightway," "forthwith," and "immediately." The Greek word thus translated appears about 40 times in the book. The Servant of God went quickly about the Father's business. Christians, can we say the same for ourselves?

III. The Son of Man (Luke 1:1-4).

Luke undertakes to write, under the control of the Holy Spirit, a careful account of the saving work of Christ, but he makes it doubly clear that he writes from firsthand knowledge. "Eyewitnesses" means those who made a personal investigation, hence, those who knew Christ as the Son of Man, the One who became flesh and dwelt among us. "Ministers" means literally those who served under Jesus, His personal assistants; again emphasizing His personal ministry as "the Son of man who is come to seek and to save that which was lost" (as Luke 19:10, the key verse of this Gospel, expresses it).

IV. The Risen and Ascended Lord (Acts 1:1-5).

Christ who was crucified arose a Victor over death and the grave, and ascended to the Father, where He now appears as our Advocate. That does not mean that His work on earth terminated, for we have in Acts what Dr. Morgan fittingly calls "the book of the continued doing and teaching of the living Christ by the Holy Spirit through His body, which is the church."

The Gospels (Acts 1:1) told only that "Jesus began to do and to teach." Acts continues, but does not complete the story. Christ is working today in and through surrendered believers. Will He have liberty to work through you and through me this year of 1942? If so, let us be a happy—yea, a New Year.

We pledge ourselves to this cause

A Statement by
The Great Atlantic & Pacific Tea Company

We make this pledge publicly to our national government and to the people of the United States:

That we will cooperate unhesitatingly in every effort of authorized government agencies to prevent unwarranted rises in prices of foods.

That we will continue our efforts to reduce the spread between prices paid to the grower and prices charged to the consumers.

That to this end we will continue to do everything in our power to assist the farmers and growers of America in the orderly marketing of their products at the fairest possible prices to them.

That we will make every effort to hold our inventories at the lowest point consistent with good service to our customers because hoarding, whether by wholesalers, retailers, or consumers, will cause higher prices.

That we will endeavor to continue to pay our employees the highest wages and to give them the best working conditions in the grocery business generally.

That we will make every effort to continue to sell food at retail at the lowest gross margin of profit in the history of the retail grocery business.

Today we are providing food for our customers at the lowest gross profit rate in the history of the retail grocery business. This means that we have achieved efficiencies in the distribution of food never before attained. More of your food dollar goes for food and less for overhead expenses than ever before. No other great retail business in the United States in any field is operated with such a low cost of distribution.

No one in the food business can control the wholesale price of food. Only the government of the United States has power to do this, and for the protection of our people this power in the government is now a necessary power.

Today, with the nation at war, we believe that no private interest has any rights in conflict with the general public interest.

The armed forces of the United States are today receiving more and better food than ever before in our national history. It is equally important that all of our people working and living behind the lines, men, women and children, shall be better fed and better nourished than ever before in our national history.

CHRISTIAN SCIENCE CHURCHES

"Christian Science" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 28.

The Golden Text was, "Heal the sick, cleanse the lepers, raise the dead, cast out devils; freely ye have received, freely give" (Matthew 10:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Then said Jesus to those Jews which believed on him, If ye continue in my word, then are ye my disciples indeed; And ye shall know the truth, and the truth shall make you free" (John 3:31, 32).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Jesus demonstrated the power of Christian Science to heal mortal minds and bodies. But this power was lost sight of, and must again be spiritually discerned, taught, and demonstrated according to Christ's command, with 'signs following.' Its Science must be apprehended by us as we believe on Christ and spiritually understand Truth" (p. 110).

Mr. and Mrs. Buschman attended the memorial service at Downers Grove Sunday for the former's nephew who died of pneumonia in London, Eng., on the thirteenth of November; Harry Tiffany surprised the folks by walking in a few days before his discharge. He expects to get his discharge a short time after his return to duty. The Webb family have heard nothing from Ray since receiving a card dated Nov. 23. Word has been received from John

Horan that he is now at Camp Grant having arrived there from Camp Gordon last Saturday; Mrs. Win. Runyan this week received a letter from her son Alonzo that he is now in Blois and that it is his opinion he is on his homeward way. Starved Rock Park Is State's Most Popular

Starved Rock State park, in LaSalle county, is still the most popular of the State's numerous recreational areas. Legends of frontier hardihood and suffering give romantic color to the region; the scenery has a rugged beauty; the camping facilities and hotel accommodations are first-class; the place is accessible. A million visitors came here in 1941.

The towering bulk of the Rock drew the attention of Father Marquette and Louis Joliet as they explored the Illinois river country in 1673. Ten years later the French built a fort on the summit. Starved Rock takes its name from an Indian conflict of 1769, when a band of Illini, seeking to escape a larger force of Pottawatomies, took station on the rocky height and were besieged and starved to death.
